

Changing the SandDevil *Clever Lever*

STEP 1

Release the Clever Lever locking tab

Using a small screw driver or other pry device, elevate the tab slightly and remove the Clever Lever.

STEP 2

Position the new Clever Lever

Insert the replacement Clever Lever in the body aligning the lever “circle” below the locking tab.

STEP 3

Secure the lever

While holding the Clever Lever “circle” positioned under the locking tab, push the heel towards the toe; the heel will push the lever into the locked position.

You will hear a “click” sound when the Clever Lever is secured by the tab.

SandDevil is ready to be put into service.
