# CSJ-100

## AC Open Jaw Clamp Meter

**Open jaw design eases AC current measurement.**

## *Making current measurement easier...*

Introducing Greenlee's first open jaw clamp meter – the CSJ-100. The CSJ-100 carries a Cat IV 600V / Cat III 1000V rating and has a measuring capability up to 200 amps AC. The sleek, ergonomic body design and non-contact voltage detection (EF) function makes it the ultimate tool for electricians who are seeking quick verification of amperage or voltage—especially in tight spaces. The CSJ-100 has a jaw opening that accommodates up to 0.63" diameter conductors. Its detachable test leads fit in the back of the tester, allowing for effortless measurement and storage.

Apart from these components, the meter also features resistance measurement up to 20MΩ, data hold, auto power off, continuity and diode check. The CSJ-100 also comes with a durable carrying case for convenient storage and, like all Greenlee test and measurement products, the CSJ-100 meets the latest industry safety standards and is backed by a lifetime limited warranty.

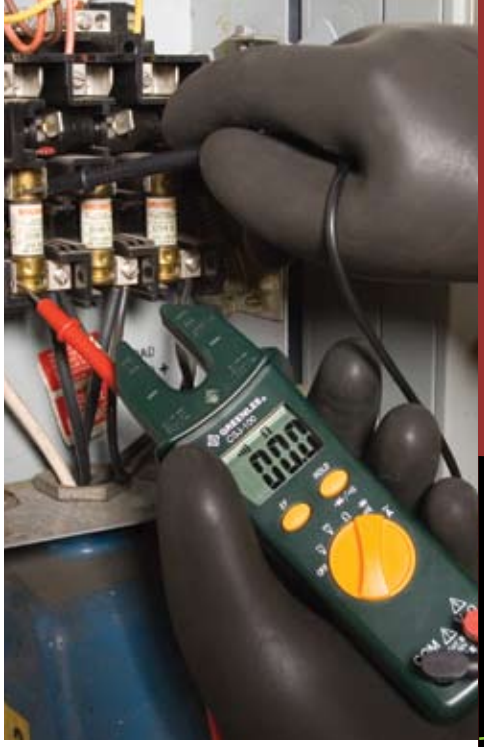
## Features

- AC amperage, AC/DC voltage measurement.
- Open jaw design eases AC current measurement.
- Slim profile with built-in probes storage on back.
- Measures resistance up to 20MΩ.
- Audible continuity and diode test.
- Bright LED and audible alarm for non-contact voltage detection.
- Auto power off for longer battery life.
- Data hold to capture measurements.
- 2000 count LCD.
- Lifetime Limited Warranty

### *Accessories*

- (2) 1.5V AAA batteries
- Test leads
- Carrying case



## Specifications

| | |
|---|---|
| **Amperage measurement:** | 200.0 AC |
| **Voltage measurement range:** | 200.0, 1000 V |
| **Resistance:** | 200.0 Ω; 2.000, 20.00, 200.0 KΩ; 2.000, 20.00 MΩ |
| **Display:** | 2000 count LCD |
| **Jaw opening:** | 0.63" (16mm) |
| **Measurement Category:** | CAT IV 600 V, CAT III 1000V |
