BESSEY® UniKlamp®

The Universal Light Duty Clamp

Simply better.

The UniKlamp® - Its gentle touch jaws distribute the clamping pressure along the entire length of the rail. The UniKlamp® is ideal for sensitive work pieces and right angles.

Features & Benefits

- Light duty universal clamp/spreader for bench top projects with a lighter frame and rail
- Gentle touch jaws distribute even clamping pressure
- Jaws are made from impact and fracture resistant materials
- Non-marring, glue repellant surface also resists paint and grease solvents
- Light and easy to handle
- Extra-large contact surfaces... over 11 sq. inches of even clamping pressure

UniKlamp® case clamp
