DESCRIPTION: Sprays in an inverted position to mark a variety of surfaces. Color will last up to 3 months depending on traffic and exposure.

DIRECTIONS: Shake for at least 1 minute after marble is heard and periodically during use. Remove tab from cap and apply with Aervoe applicator #244 or #245, or by hand. When finished, clear material from valve and tip by turning upright and spraying for 2 seconds. For best results, use at temperatures between 60° and 80° F (16° and 27°C). Do not use on wet surfaces. Do not store below 32° F (0°C).

DANGER! Never use or store near any sparks, heat, open flame, or sources of ignition. Do not puncture, incinerate, or store at temperatures above 120° F (49°C).

USE ONLY WITH ADEQUATE VENTILATION. If you experience eye watering, headaches, nausea, or dizziness, or difficulty breathing, increase fresh airflow and/or wear NIOSH approved respiratory protection. If breathing difficulty continues then seek medical attention.

FIRST AID: If swallowed, do not induce vomiting, seek medical attention immediately and/or contact a poison control center. In the case of eye contact, flush immediately for 15 minutes and see medical attention. For skin contact, wash with soap and water. **NOTICE:** INTENTIONAL MISUSE BY DELIBERATELY CONCENTRATING AND INHALING THE CONTENTS MAY BE HARMFUL OR FATAL.

WARNING: This product can expose you to chemicals including quartz, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

HAZARDOUS CONTENTS: Aliphatic Petroleum Distillates 64742-89-8, 64742-88-7 and 8032-32-4, Hexane 110-54-3, Hydrocarbon Propellant 68476-86-8; Non-fluorescent colors also contain: Acetone 67-64-1.

DANGER! Extremely flammable gas. Extremely flammable aerosol. Pressurized container: may burst if heated. Highly flammable liquid and vapor. May cause genetic defects. May cause cancer. Suspected of damaging fertility or the unborn child. Causes skin irritation. Causes serious eye irritation. May cause drowsiness or dizziness. Toxic to aquatic life with long lasting effects. May cause damage to nervous system through prolonged or repeated exposure (inhalation). May be fatal if swallowed and enters airways.

DANGER ! Gaz extrêmement inflammable. Aérosol extrêmement inflammable. Contenant sous pression : peut exploser si chauffé. Liquide et vapeur très inflammable. Peut causer le cancer. Susceptible de nuire à la fertilité ou au fœtus. Provoque l'irritation de la peau. Provoque l'irritation des yeux. Peut causer de la somnolence et des vertiges. Toxique pour les organismes aquatiques, entraîne des effets néfastes à long terme. Peut causer des lésions au système nerveux par exposition prolongée ou répétée (inhalation). Peut être mortel en cas d'ingestion et de pénétration dans les voies respiratoires.

¡PELIGRO! Gas extremadamente inflamable. Aerosol sumamente inflamable. Recipiente a presión: puede explotar si se calienta. Líquido y vapor altamente inflamable. Puede causar defectos genéticos. Puede causar cáncer. Sospecho de perjudicar la fertilidad o el feto. Causa irritación de la piel. Causa irritación ocular grave. Puede causar somnolencia y mareos. Tóxico para la vida acuática con efectos duraderos. Puede causar daños en los órganos tras exposiciones prolongadas o repetidas (inhalación). Puede causar daños al sistema nervioso a través de exposiciones prolongadas o repetidas.
